My Dear Brother,—In reply to your inquiry of the 23d, I take pleasure in saying that the three students who came to us last year as graduates of your excellent the stitution, entered College classes and showed themselves qualified for them. This is no more than must reasonably be expected, seeing that your course has been scarefully adjusted to ours, and nine of your Faculty are Enadolph-Macon graduates. To render correlation effective, I consider two things necessary—an adjusted course of instruction and a Faculty familiar with the courses of the Woman's College and in sympathy with its methods. These you have, I hope, in my turn, that you find the graduates of our College whom you have taken into your Faculty superior as teachers and worthy as Christian women.

Yours truty.
